WEB AND MOBILE DEVELOPER

Hello! I am a programmer and digital artist; I love developing innovative projects whether as part of a team or in a leadership role. I am also a disciplined, resilient, and creative person. My website: ffianquetto.github.io

Work and Competitive Experience

- **iOS Lab UANL:** I am currently part of iOS Lab UANL, collaborating in the development of high-impact technological projects focused on the Apple ecosystem.
- **Junior Programmer at Empresa Virtual:** 7 months working on frontend and backend development for a business application and the company's official website. [SumApp](#)
- **Junior Programmer at Cado:** 6 months as an intern developing an app with Flutter and MongoDB for course sales and 1 month developing the festival's official website. [Festival Destacado](#)
- **Hackathon:** 1st place in Hackathon iOS/UANL 2026 and participation in Hackathons: ArcaContinental 2024 and NASA Space Apps 2025.
- **Teaching:** 6 months teaching chess classes at Ernesto Toral Lombard elementary school, Veracruz.
- **Recognitions:** 3rd place in the Latin American Minecraft Challenge, Solacyt, and 3rd national place in Under-18 Chess.
